

COVID-19: Manitou Group maintains the closure of its manufacturing operations in Europe and India

Ancenis, March 31, 2020

In the context of a still very serious health crisis, and in accordance with recommendations or regulatory obligations, the Manitou group is maintaining the closure of its manufacturing activities in France, Italy and India.

The group is actively working on preparing for the reopening of the sites. It will not be possible to reopen the sites before the second half of April. The re-start will be gradual, in order to integrate the implementation of sanitary measures and to reactivate the entire supply chain.

In this context, the Group remains extremely mobilized to deal with all the consequences of the COVID-19 crisis, with regard to its employees, customers, operations and all its stakeholders.
